

## PCA DUCT REDUCER

### For use with EnviroDuct™ and FloFlex™ Products

The EnviroDuct™ Reducer is designed with a steel-wire helix construction, with a Flame-Resistant heavy duty Wearstrip. The FloVent™ and FloFlex™ layflat Reducer is designed without the steel-wire helix construction or wearstrip. Both types of Reducers are ideal when making a transition in ducting or tubing diameters. These Reducers also serve as an ideal way to attach to flanges and to stainless steel or aluminum sleeves.

<b>Specifications:</b>	
<b>Color:</b>	Yellow
