## ENGINEERING, INC.

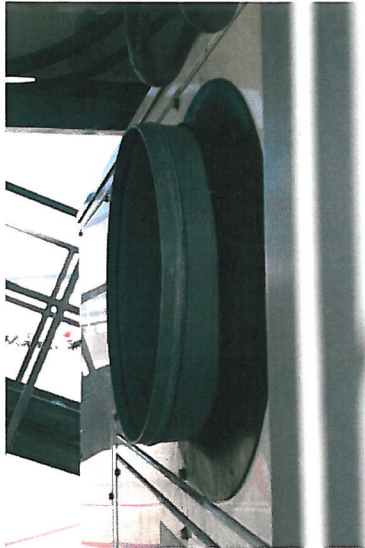

### QC-AC 14" STRAIGHT CONNECTOR

- No Tools Required for Connection
- Eliminates the need for Hose Clamps
- Installation of Connector in seconds
- Safe Clean Connection

**The MCM Engineering** PCA Straight Connector is used to connect wire wound duct to the 14 inch output of a PCA unit. The PCA Straight Connector has a patented technology that eliminates the need for hose clamps. It does not require tools for connection to be made and installation is less than 1 minute. Made with a clear polyurethane material the PCA Straight Connector fitting is cleaner, safer and last much longer than standard fabric and hose clamp. One end has the BFM Fitting patented connection that attaches to the PCA unit and the other 14 inch end can be ordered with the Universal Zipper/Velcro or Velcro only to match the PCA wire wound duct being used by the customer.

# QC-AC 14" STRAIGHT CONNECTOR

## Specifications:

Physical Properties	
<b>Hardness</b>	85 Shore A
<b>Wall Thickness</b>	0.039 in.
<b>Tensile Strength</b>	4,351 lb/in <sup>2</sup>
<b>Temp Range</b>	-40°F to 185°F
<b>Low Temp, Flexibility</b>	Good
<b>Surface Finish</b>	Gloss/Gloss

**Flexible Quick Connection**

- Efficient Air Flow
- 040 Seeflex is a clear polyester based thermoplastic polyurethane alloy.
- Having no memory Seeflex will not fracture as a result of constant flexing.
- BFM Fitting's Patented Design

## 14" STRAIGHT CONNECTOR ASSEMBLY:

The MCM 14" Straight Connector is sold as an assembly consisting of item 1 combined with item 2, 3 or 4 Please specify the type of connection required for the 14" duct when placing an order.

**Options:** Item 2 Velcro Cuff; Item 3 Velcro/Zipper Cuff or Item 4 Velcro/Special Zipper Cuff

## ASSEMBLY Part Number: DA10-6036

ITEM	PART #	DESCRIPTION
1	DA10-6033-2	BFM Fitting Coupling, 14" Diameter
2	DA10-6035-1	Seeflex 14" Straight Connector (Velcro Cuff)
3	DA10-6035-2	Seeflex 14" Straight Connector (Velcro/Zipper Cuff)
4	DA10-6035-3	Seeflex 14" Straight Connector (Velcro/Special Zipper Cuff)
