

QUICK CONNECT AIR CONNECTOR

QC-AC

- No Tools Required for Connection
- Eliminates the need for Hose Clamps
- Installation of Connector in seconds
- Safe Clean Connection

The **MCM Engineering** Quick Connect Air Connector does not require tools for connection to be made and installation is less than 1 minute. The QC-AC has a patented technology that eliminates the need for hose clamps. Made with a clear polyurethane material the QC-AC fitting is cleaner, safer and last much longer than standard fabric and hose clamp. The 8" side of the QC-AC reducer has the BFM Fitting patented connection and the 14" side can be ordered with the Universal Zipper/Velcro or Velcro only to match the PCA duct being used by the end user.

Flexible Quick Connection

- 040 Seeflex is a clear polyester based thermoplastic polyurethane alloy
- Having no memory Seeflex will not fracture as a result of constant flexing.
- BFM Fitting's Patented Design
- Efficient air flow

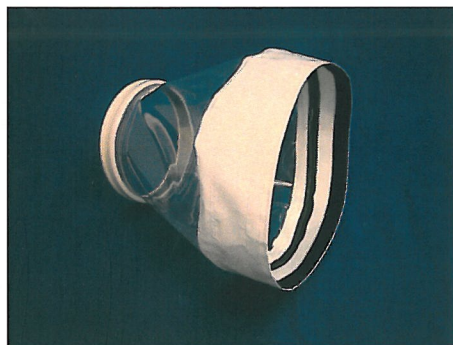

Specifications:

Physical Properties	
Hardness	85 Shore A
Wall Thickness	0.039 in.
Tensile Strength	4,351 lb/in ²
Temp Range	-40°F to 185°F
Low Temp, Flexibility	Good
Surface Finish	Gloss/Gloss

QC-AC ASSEMBLY:

The MCM QC-AC is sold as an assembly consisting of items 1 & 2 combined with item 3, 4 or 5
Please specify the type of connection required on the QC-AC 14" to 8" Reducer when placing an order.

Options: Item 3 Velcro Cuff; Item 4 Velcro/Zipper Cuff or Item 5 Velcro/Special Zipper Cuff

ASSEMBLY Part Number: DB10-6034

ITEM	PART #	DESCRIPTION
1	DD06-5946	PCA Adapter
2	DA10-6033	BFM Fitting Coupling, 8" Diameter
3	DA10-6032-1	QC-AC Seeflex Reducer 14" to 8" (Velcro Cuff)
4	DA10-6032-2	QC-AC Seeflex Reducer 14" to 8" (Velcro/Zipper Cuff)
5	DA10-6032-3	QC-AC Seeflex Reducer 14" to 8" (Velcro/Special Zipper Cuff)
